## WARNING:

1. The camping bed should be assembled and disassembled by adults only.
2. Children should be supervised at all times.
3. Do not install or use the camping bed under adverse weather conditions such as rain, hail, sleet, snow, drizzle, lightning, strong wind, etc.
4. Place the camping bed on a solid and level ground.
5. Keep away from fire and heat sources.
6. To avoid finger entrapment, assemble and disassemble the camping bed carefully.
7. The camping set is designed for a maximum load of 350 lbs. Do not overload .
8. Do not jump on the camping bed. This is not a trampoline.
9. Make sure the camping bed is dry before storing in a safe place indoors.

**TO AVOID PROPERTY DAMAGE OR SERIOUS INJURY,  
FOLLOW ALL THESE INSTRUCTIONS**

**NOTE: Be careful during the assembly process, or you may get hurt.  
Make yourself familiar with the assembly process .**

1. Unfasten the velcro straps and put aside the two bars.

2. Unfold the legs of the camping bed and stand them on a solid & level ground.

3. Expand the legs.

4. Align a bar and insert it into the bed sleeve.

5. Stick the bend joint of the bar onto the middle frame of the camping bed.

6. Fasten the bar.

7. Insert another bar on the opposite bed sleeve and repeat step 4-6.

8. Open the FRP poles.

9. Insert long FRP poles to the tent.

10. Insert short FRP pole to the tent.

11. The end of long FRP poles is inserted to the hole.

12. Clip the plastic onto the pole.

13. Tie the rope.

14. Add the rain cover to the tent.

15. Put the circle around the pole.

16. Put the tent on the bed and tie the rope in the corner around the bar.

17. Close the buckle under the bed.

18. You can hang a lamp in the tent.

19. You can put your shoes in the holding bag under the bed.

20. Unscrew the gas nozzle counterclockwise, the inflation will be completed automatically within 5-8 minutes, and then tighten the gas nozzle clockwise.

21. Put inflated air bed on the camping bed.

22. Use the rope and fastening nail to stabilize the tent.

23. When you only use the tent, pls insert the pole into the soil and fasten with nail. If you need sunshade, pls use nail and rope to fasten it.

---

When you need to fold the air bed for storage,pls do as following steps.

1.Unscrew the gas nozzle counterclockwise.

2.Flat air bed.

3. Press and roll it up to deflate.

4.Put it in a storage bag.
